

# Myrtle Beach 2017

We play from the Men's forward tee (typically WHITE), please, no hero shots required from the tee! As I suspect no one plays any of these courses regularly, expect the play level to be a little more even-handed between us, because of unfamiliarity of course layout, particularly their greens where the real scoring occurs. And whining for more strokes will only get even more ridicule from your brothers, eh? ;)

## **THE PLAYERS**

- a) Roger, Rob (suck it up)
- b) Randy (-4: 2 each front / back 9 on highest handicapped holes not a par-3)
- c) Joe, Kyle, Matt, Mike, Matthew  
(-8: 4 each front / back 9 on highest handicapped holes not a par-3)

## **COMMON PLAYING RULES**

1. Keep pace of play up! So if a player lies at Double Bogey and is ...
  - a) still not putting, please pick up and score it as Quad;
  - b) on the green, 1 putt attempt allowed to hole out, then must take a gimme for the Quad;
  - c) hacking, keep your lamenting to yourself and for not more than 5-seconds (Randy); and
  - d) in need of assistance with this, the group should not allow any exceptions – let's keep it stress free for everyone.
2. Player's option to lift, clean, & replace with a preferred lie on fairway, fringe, and green only. Does not apply to other fairways, rough, hazards.
3. Group "common sense" consensus for awarding a mulligan on a tee shot only.
4. "Gimme" putts can be conceded by the opponent of any length; the player himself can take it without concession, if he demonstrates that any part of the ball lie inside his putter's leather. There's no \$100k riding on a 2 footer, only pride.
